

## To whom it my concern

Essity Professional Hygiene can confirm, that the Tork PeakServe Continuous HT Univ (Art. 100585) is safe for the consumer and the intended use, the towels are developed for.

The site Essity Operations Mainz-Kostheim GmbH produces hand towels in a controlled way. The site is certified according to ISO 9001, ISO 14001, ISO 45001, ISO 50001 and HACCP.

Essity tissue products are manufactured in compliance with the relevant and actual valid regulations. The towels are in compliance with Regulation (EC) No 1935/2004 on materials and articles intended to come into contact with food and manufactured in accordance with Regulation (EC) 2023/2006 Good Manufacturing Practice (GMP) applicable to all Food Contact Materials. All added ingredients/ chemicals are chosen after careful evaluation. They are internally assessed to ensure that they are safe for use and are in compliance with the EU regulation REACH and with the German BfR Recommendation XXXVI.

Essity performs regular testing of their products and the conformity of the towels has been certified. The towels may come into direct contact with foodstuffs for a short period of time as well as with the human skin and the mucous membranes. All required parameters on specific chemicals have been met, e.g. formaldehyde and optical brighteners are not intentionally added.

The products do not contain ethanol.
