

TECHNICAL DATASHEET

511030100

Rev.00

FEATURES:

- Adjustment of temples in length and inclination
- Built-in side shields
- Frame made of anallergic material
- Available the version certified to small faces (511.03.01.00H)

FRAME FEATURES:

Frame Typology	Spectacle
PPE field of view	>40
Temple adjustment	Inclination and Length
Weight (g)	34
Size	122 98-108
Material Features	Anallergic

FEATURES OCULARS/LENSES:

Ocular/Flip-up Material	Polycarbonate
Colour	Clear
Technical Treatment	Antiscratch
Aesthetic Treatment	-
Thickness	2
Curvature	Base 3
Optical Class	1
UV Protection	380
Spare Parts	-
VLT% (+/-5%)	91,2

MARKING DATA:

Standard References	EN166 EN170
Frame Marking	U EN166 F CE U EN175 F CE
Ocular/Flip-up Marking	2C-1.2 U 1 F CE

APPLICATION FIELDS

Protection against high-speed particles - low energy (F)

Notes
