Lanyards & Accessories

**FORCE2™ Shockwave™
Wind Energy Lanyard**

100% tie-off lanyard with elastic webbing, 1600 kg hooks on leg ends, Tech-Lite™ rescue D-rings & a nylon shock pack with a PVC resist cover to protect against abrasion while climbing and descending.

CE EN355
1244760

CE Compliant - Europe, Middle East, Africa.
OSHA/ANSI Compliant - North America

**Lad-Saf™ Flexible Cable
Ladder Safety System**

The swiveling Lad-Saf™ Safety Sleeve is designed for use on 8mm to 9.5mm cables. Lad-Saf™ sleeves prevent falls by locking onto the cable. They are easily attached or removed anywhere along the cable and automatically follow as you climb or descend. Comes with shock pack.

CE EN353
6116507

CE Compliant - Europe, Middle East, Africa.
OSHA/ANSI Compliant - North America

Stainless steel models are also available.
Please call for more information.

Replaceable Lumbar Protectors

9505504: For use on SM/M Harnesses
9505515: For use on LG/XL Harnesses

Radio Holster

Conveniently holds and protects a radio, cell phone, or other item like a Lad-Saf™ sleeve.

FEATURES

Covered Labels and i-Safe™

A velcro® cover protects the labels and positions them in an easy-to-access location.

Revolver™ Vertical Torso Adjusters

Simple and fast adjustment that eliminates loose ends and locks into place preventing slippage.

Hybrid Comfort Padding

Lightweight, moisture wicking, and breathable padding won't move or slip, keeping the wearer comfortable at all times.

Duo-Lok™ Quick Connect Buckles

Lightweight one-handed use with memory-fit web-lock ensures fast, non-slipping connections.

Tech-Lite™ Aluminum D-rings

Extremely lightweight alloy commonly used in military and aerospace offers a higher level of security and comfort.

140kg Capacity

Large capacity adds to tool carrying options and jobsite flexibility.

Ultra-Soft Edging

Moves with you - doesn't rub or chafe.

Design is based on a single piece of material in the shape of an "X" that wraps around the wearer for the ultimate in comfort, security and no-tangle donning.

Reflective Material

For greater visibility in dark and dangerous environments, reflective material is integrated on legs, chest, shoulders and back.

Repel Technology Webbing

Water repellent to reduce attraction of mould and dirt - also has up to 5 times more abrasion resistance.

Integrated Suspension Relief Straps

Provide an adjustable continuous loop for post fall, allows the release of pressure, and the movement of the legs, thus increasing natural blood flow.
