

ActivArmr® 80-600 (Ex Powerflex®)

Mechanical Protection

Cut Protection

Heavy

Excellent cut resistance with comfort and a sure grip

DESCRIPTION

- Ansell's ActivArmr® 80-600 (Ex Powerflex®) glove is the practical answer to the safe handling of glass, metal and plastics. It offers exceptional cut resistance and robust overall mechanical performance, plus superior comfort.
- The Ansell ActivArmr® 80-600 (Ex Powerflex®) glove is rated at the exceptionally high cut level of EN level 4. This high level of protection is achieved through the Kevlar® knitted liner and the natural rubber coating. This coating also stands up very well to abrasion, tearing and punctures.
- The latex coating's raised crinkle finish gives the glove an excellent grip in both dry and wet conditions.
- Silicone-free, the ActivArmr® 80-600 (Ex Powerflex®) glove prevents fingerprints on metalised warm insulation glass, leaving surfaces clean and avoiding the need for extra cleaning work.

PRODUCT DETAILS

Construction	Knitted
Liner material	Kevlar®
Gauge	10
Coating material	Natural rubber latex
Finishing	Palm coated
Cuff style	Knitwrist
Colour	Blue and yellow
EN Sizes	7,8,9,10,11
Length (mm)	245-285
Packaging	12 pairs in a bag; 6 bags in a carton

IDEAL APPLICATIONS

- Glass manufacturing
- Handling of glass sheets, sharp-edged objects
- Handling of metal sheets, cutting of dry, painted or galvanised pieces
- Plastics industry
