

Garden valve

- Self-draining and therefore frost-proof even if you forget to dismantle the garden hose before the season with degrees below zero. However, we recommended that you always remove the hose and coupling when there is a risk of low temperatures
- With plastic handle
- With approved non-return valve
- Frost-proof even if the hose/coupling is connected
- Can be cut to suit wall thickness
- Wall bracket: H=106 mm, W=66 mm, diagonal screw holes

Our garden valves are self-draining and therefore frost-proof even if you forget to dismantle the garden hose before the season with degrees below zero. However, we recommended that you always remove the hose and coupling when there is a risk of low temperatures.

Description	FMM nr	EAN kod
For wall thickness max. 400 mm	42930410	7391887240409
For wall thickness max. 600 mm	42930610	7391887240423
