EU Declaration of Conformity

The EU Directive **2011/65/EU** (RoHS) and the Delegated Directive **2015/863/EU** prohibit the placing on the market of products containing the metals lead (Pb), cadmium (Cd), mercury (Hg) and hexavalent chromium (Cr-VI), the organic (halogenated) flame retardants polybrominated biphenyl (PBB) and polybrominated diphenyl ether (PBDE) and the phthalates di(2-ethylhexyl) phthalate (DEHP), butylbenzylphthalate (BBP), dibutylphthalate (DBP) and diisobutylphthalate (DIBP). Specifically, the limits are on the mechanically inseparable part as a whole:

Substances	Maximum Limit (ppm)	Weight/ppm
Cadmium (Cd)	0,01%	Weight=100mg/kg = 100ppm
Lead (Pb)	0,1%	Weight=1000mg/kg = 1000ppm
Mercury (Hg)	0,1%	Weight=1000mg/kg = 1000ppm
Hexavalent chromium (Cr6+)	0,1%	Weight=1000mg/kg = 1000ppm
Polybrominated biphenyls (PBB)	0,1%	Weight=1000mg/kg = 1000ppm
Polybrominated diphenyl ethers (PBDE)	0,1%	Weight=1000mg/kg = 1000ppm
Bis(2-ethylhexyl) phthalate (DEHP)	0,1%	Weight=1000mg/kg = 1000ppm
Butyl benzyl phthalate (BBP)	0,1%	Weight=1000mg/kg = 1000ppm
Dibutyl phthalate (DBP)	0,1%	Weight=1000mg/kg = 1000ppm
Diisobutyl phthalate (DIBP)	0,1%	Weight=1000mg/kg = 1000ppm

We hereby confirm that the listed articles at the end of this document are compliant with the above guidelines and do not have any applicable RoHS exemptions.

Applied standards: DIN EN 50581:2013-02 - DIN EN IEC 63000:2019-05

Contain of REACH SVHC Candidate list per. 19. January 2021:

The article contains no substances included on the candidate list according to the indicated revision date of article 59 (1, 10) of Regulation (EC) No 1907/2006 ("REACH") in a concentration above 0.1% weight by weight.

Declaration on Conflict Materials

We hereby inform you that we exclusively use parts and components from well-known manufacturers and trusted distributors in our products. Our suppliers are committed to traceability and transparency of their products.

We have obtained relevant information from our suppliers and, to the best of our current knowledge, our suppliers do not use conflict material originating in the Democratic Republic of Congo and its neighboring regions.

We ourselves do not directly import minerals or so-called "conflict minerals" and therefore, to the best of our knowledge, no conflict material is used in our products.
