

Wax

Description

Liquid care emulsion for the best possible protection and for long-lasting sealing of paints. Provides an intense shine, protects the surface from aggressive environmental influences and boasts an impressive beading effect that repels rain and dirt. Suitable for polishing machines.

Properties

- high gloss mirror finish
- super-easy to polish
- excellent long-term protection
- high capacity
- forms an adherent protective film
- freshens up colors
- excellent water repellent effect

Our information is based on thorough research and may be considered reliable, although not legally binding.

Technical data

Base	wax, silicone, polymer
Form	viscous
Color / appearance	white
Odor	characteristic
Density	0,98 g/cm ³
Flash point	> 120 °C
Shelf life in original sealed container	30 months

Areas of application

Specially for new or rejuvenated paint finishes. Do not use on matt paints!

Application

1. Surfaces must be thoroughly cleaned with Car Wash Shampoo and carefully dried before treatment. 2. Shake well before use. 3. Then pour Hard & Protective Wax onto a Hand Polishing Sponge Soft (part no. 21781) or Microfiber Cloth (part no. 1651) and apply thinly and uniformly using circular motions. 4. Only treat connected components in one step. 5. After application, polish off the wax residues with Paintwork Microfiber Cloth (part no. 21783). Note: Do not use under direct heat or on hot paint surfaces! Do not use on matt paints!
