

Declaration of compliance

FCM (food contact materials)

Sealing parts in rubber and PTFE

Espergærde d. 22.03.2018

We hereby certify that all sealing parts of rubber, type NBR, HNBR, EPDM, IIR, SIL (VMQ), KZ (FFKM) and FPM (FKM), as well as parts in PTFE, that have the designation letters "FDA" included in the part description on labels, delivery note and invoice supplied by M Seals, are in compliance with:

EU1935/2004, Material in contact with foodstuff

EU2023/2006, Good manufacturing practice

And:

For rubber parts: FDA CFR21 / §177.2600 (Rubber intended for repeated use)

For PTFE parts: EU10/2011 and FDA CFR21 / §177.1550 (Perfluorcarbon resins)

Until specific measures for rubber materials is introduced in the EU legislation, article 3 in EU1935/2004 is considered fulfilled if the material conform to the FDA CFR21 / §177.2600

It is the obligation of the user to verify that the material is correct for the application and used within its limitations.

Our guideline "FCM (food contact materials), Suitability and restrictions of use" which are available on WWW.M-Seals.dk, can be of assistance.

In accordance with FDA CFR21 §177.2600(g), "Good manufacturing practice", rubber articles intended for contact with food must be thoroughly cleaned prior to food contact.

M Seals is registered by the Danish Veterinary and Food Administration (FVST/DVFA) acc. to BEK of 149-25/02/2009 as importer of FCM materials.

Best Regards
