### Certifications

EN ISO 20345

SGR 191

- The front part of the shoe bends flexibly with the foot.
- Footwear with the patented Boa® closure system is a great help on a busy day. The Boa® closure system allows you to quickly get your shoes on and off.
- Composite toecap. The composite material does not conduct heat or cold, so the composite toecap provides extra comfort in both hot and cold surroundings.
- Removable insole with optimal arch support that can counteract the tendency to flat foot.
- Insert in the midsole of shock-absorbing lightweight material.
- Shock-absorbing, soft and flexible two-component sole of PU/PU.
- ESD Approved.

### Technical info

The front part of the shoe bends flexibly with the foot. Stainless steel laced Boa® closure system with easy closure and quick click-opening. Composite toe cap. Nail protection of special textile material. Insert in the midsole of shock-absorbing lightweight material. Shock-absorbing, soft and flexible two-component sole of PU/PU. Durable non-marking outsole. TPU toe reinforcement. Bootleg in breathable high quality full grain leather. Heat resistant sole up to 140°C. Ladder grip. 5.0mm profile depth. Removable insoles with optimal arch support that can counteract the tendency to flat foot. Sole is oil and petrol resistant. ESD Approved to EN 61340-4-3: 2002.
