

Certificate of conformity

Subject:

Product: All Heat Shrinkable Tubing type Radiflex (in all sizes and colors) , and all other non shrink products.
Vs REACH EU-directives, its SVHC-Candidate list and RoHS.

Dear customer,

We, Radiflex ApS declare that our heat shrink product range, and all non shrink tube/sleeves complies with the requirements of the **REACH** directive on chemicals (1907/2006/EU), the **RoHS 2** directive (2011/65/EU, amended by 2015/863/EU) on hazardous substances in electrical and electronic equipment, the **POP** directive (2019/1021/EU) and the **Stockholm-Convention** on persistent organic pollutants and with the US-Environmental Protection Agency's **TSCA, section 6(h)** (86 FR 880, ban of 5 chemicals).

REACH: Registration, evaluation, authorisation and restriction of chemical substances, which entered into force on 1st June 2007. The last update of SVHC-candidate list was published on **January 21th, 2025** (the list is available for the public via ECHA-REACH home page):
<https://echa.europa.eu/de/candidate-list-table>

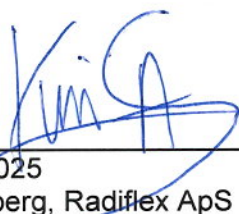

RoHS 2: Restriction of the use of certain hazardous substances in electrical and electronic equipment (2011/65/EU and its third amendment 2015/863/EU, which is sometimes mistakenly named "RoHS 3").

Radiflex product range does not contain substances listed in the 2015/863/EU, appendix II (list of 10) or the concentration is less than (<) 0.1% w/w.

TSCA section 6(h), PBT 5: Radiflex product range does not contain substances from the list of 5 PBT chemicals or the concentration is less than (<) 0.1% w/w.

Our product line also complies with the Directive 2000/53/EC on end-of-life vehicles (ELV) and its amendment 2020/363/EU.

For any questions, please contact us.
